root & body NUKE™
With Hemo-Therm 7 Concentrate

Hemo-Therm 7 (Ht-7)

What is it?

(Ht-7) was originally formulated to stimulate hair growth by bringing blood circulation up to the surface of the scalp to feed the hair roots with the nutrients found in the blood. We discovered that by modifying the base product it produced equally dramatic results with the face and body.

If I use the hair formulas on my face and body will hair grow in those spots?

NO! It is a cell stimulating formula that increases blood flow to the scalp or body skin.

root & body NUKE™
Line of Products

The Nuke line of products is made with natural food grade herbs, spices, vitamins and ingredients. There is no animal testing or ingredients in the entire Nuke line. The products that are marked with (HT-7) have the Hemo-Therm 7 concentrate added. This concentrate is uniquely and exclusively in the Nuke treatment for the scalp, hair and skin. It contains such things as apple cider vinegar, pepper, niacin, ginger, camphor and several essential oils to stimulate blood circulation to the surface of the skin and scalp.

ITEM	QUANTITY	PRICE	AMOUNT
